HYGIENE BUYERS GUIDE

Ramon Hygiene Products

A leading supplier of cleaning products into the professional hygiene, wholesale and retail sectors for over 75 years.

COMPANY

Based in the heart of the knitting industry in Leicester, Ramon Knitting Company was founded in 1951, by Mr Hans **Rappolt** and Mr Peter **Simon**, who gave their names to the business when the company began manufacturing cleaning cloths for the domestic market. The company's name changed in 2002 to better reflect the broader product range. The business is now under the ownership of the Empress Garland Group EGI following the acquisition of Ramon in 2015.

Members of the CHSA, and founder members of the CHSA Mop Accreditation Scheme. We are certified to BRC Global standards and are Sedex Members, committed to sourcing responsibly and having an ethical and sustainable supply chain.

UK MANUFACTURER

We've been manufacturing traditional textile cleaning cloths in the UK since 1951, and mops since 1992. Our British manufacturing heritage is a core part of who we are, and we continue to invest in our UK production facilities to stay competitive, strengthen resilience, and give customers complete confidence in supply.

Ramon delivers top quality products, innovative new lines, and first-class service across multiple market sectors. We also specialise in private label solutions in a range of formats.

If you can't find what you need or require further information, please visit www.ramonhygiene.co.uk or contact our experienced sales team on **0116 276 1881** or sales@ramonhygiene.co.uk

Textile Cleaning Cloths

An extensive range of cotton based textile cleaning cloths suitable for every cleaning requirement. Stockinette cloths are available in a wide range of weights and sizes, for light and heavy duty cleaning tasks. All cloths are machine washable and can be boiled or bleached to refresh and clean. Cloths are supplied in printed Ramon packaging as standard, or can be supplied in plain bags, bulk, or in private label packaging, dependent on quantities.

Additional colours available for volume.

Microfibre Cloths

Fibre can be described as microfibre when it weighs less than 1 gram per 10km of length. For most microfibre, this equates to a diameter of less than 0.12 denier. To give you an idea, this is 100 times thinner than a human hair. Microfibre is made from a mixture of polyester and polyamide bi-component fibre. It is split into many micro-segments by special physical & chemical treatments.

Microfibre cloths are the most effective and cost efficient cleaning cloths on the market as they are machine washable up to 400 times.

Colour coded cleaning is the process of designating colours to cleaning equipment for use within a particular area, reducing the spread of germs and improving hygiene standards.

Scan the QR code to find out more about the new colour coding guidelines.

Our cotton mops are manufactured to meet the CHSA mop standard.

UK Mop Manufacturing You Can Rely On CHSA-accredited · Consistent · Innovative · Sustainable ·

Ramon Hygiene have been manufacturing mops at our Leicestershire factory since 1992 and we're proud to remain one of the few in the UK doing it at scale. Our in house facility produces millions of mops each year, delivering the reliability and consistency the professional cleaning sector depends on.

All cotton mops are CHSA accredited, ensuring full compliance on weight and absorbency. With UK based production, we offer more than just quality and competitive pricing. We help our customers cut supply chain emissions, reduce transport costs and improve lead times.

From traditional PY and Twine yarn to Hygiene and Viscose material. All socket mops are meticulously crafted with the consumer and environment in mind. Our unique and innovative socket designs cover all commercial handle types, ensuring a secure fit and convenience no matter which handle you are currently using.

Whether you're supplying national contracts or building a private-label range, our mop manufacturing facility gives you control, confidence, and a greener footprint.

Why it matters:

- ✓ UK made = lower CO² and faster turnaround
- ✓ CHSA certified cotton mops for guaranteed quality and consistency
- ✓ Mop yarns made from sustainable textile waste
- ✓ Full range of innovative colour coded sockets and mop types
- ✓ Scalable supply for major contracts and distributors
- ✓ Trusted by leading wholesalers and facilities providers

Ramon Socket Options

Duo+

- ✓ Compatible with all threaded handles
- ✓ Compatible with Interchange handle
- ✓ Lightweight

Trinity

- ✓ Compatible with most threaded handles
- ✓ Compatible with Exel and HX handle
- ✓ Compatible with Interchange handle
- ✓ Compatible with WDH120 wooden handle

METAL

- ✓ Compatible with wooden WDH120 handles
- ✓ Strong and durable

Ramon Hygiene is proud to introduce the *Trinity* mop range

Universal Fit Socket for Total Freedom – Simplify. Standardise. Switch Freely

Push, Thread, Compress – One Socket is all you need with **Trinity!** Engineered for **every handle**. Built for **less hassle**, this patented socket from Ramon Hygiene **simplifies** inventory procurement **saving time, space and money**.

Compatible With What You Already Use: Securely fits wooden, Exel, HX, Interchange and most threaded handles. The only socket to fit both Interchange and Exel Handles.

Reduced Stock Complexity: Efficiency savings – simplifies training, ordering and inventory management.

No More Supplier Lock-in: Say goodbye to handle incompatibility that locks you into suppliers.

Lower Changeover Costs: Avoid expensive, time consuming handle replacement programs.

Lightweight but Strong: Optimally engineered for durability without unnecessary weight, saving tons of plastic waste each year.

Ideal for Facilities, FM Providers & Cleaning Operatives: Standardise across clients without forcing costly system overhaul.

Proudly UK Made: All socket mops are made in UK by Ramon Hygiene with quality control, cost and sustainability in mind.

Streamline your range further

NEW

Closing the Loop with Sustainable Hygiene Mops

At Ramon Hygiene, we're committed to reducing waste by giving textiles a second life. The yarn in our hygiene mops is made from regenerated textile waste, including post-consumer fibres recovered from our own dishcloth production, helping to keep valuable materials out of landfill. By reusing these fibres, we reduce water use, cut CO² emissions, and limit the need for virgin cotton — while delivering durable, high-quality mops with genuine environmental benefits.

Suitable for most environments including:

Fast food restaurants, Food processors, Healthcare, Cleaning contractors, And many more...

Case 1

UK Manufacturing Strength, All in One Group

From textile cloths and socket mops to abrasive fibre and sponge scourers. EGL Group delivers one of the most comprehensive UK made ranges of non chemical cleaning consumables.

Ramon Hygiene Products

With over 70 years of UK manufacturing expertise, Ramon produces millions of socket mops and textile cleaning cloths at our Leicestershire site each year. From regenerated yarns to innovative socket designs, we combine scale, sustainability and quality. Trusted by professional distributors nationwide for supply of all cleaning consumables.

EGL Homecare

The UK's leading manufacturer of abrasive scouring fibre, with specialist expertise in chemical bonded all-purpose cloth production and precision sponge cutting. Their capability strengthens Ramon's commercial offer, giving distributors the advantage of buying directly from a single, trusted, one stop supplier. This reduces transport emissions, simplifies procurement, and ensures consistent quality at competitive prices.

Sustainable Production

Our **sponge scourers, scouring pads, mops, and textile cloths** are manufactured here in the UK. Keeping transport related **CO²** emissions to a minimum.

All of our cotton mops, dishcloths and scouring pads are manufactured from **100% recycled fibres**. This recycling process is not only sustainable but also prevents tons of textile waste from entering landfill.

Production processes of our **mops** and **textile cloths** operate with no effluent and **zero discharge** to the atmosphere.

Sedex Member

Ethical & Responsible Manufacturing

Within the EGL group, we are committed to upholding the highest standards of ethical practice. We operate with full compliance to the UK Modern Slavery Act (2015) and maintain strict oversight across our supply chain. Our processes emphasise fair labour, transparency, and sustainable sourcing — ensuring every product is built on a foundation of integrity.

White Label Expertise

With extensive packing facilities, we specialise in delivering bespoke white label solutions tailored to your brand.* We can offer customised products and packaging at scale. If white label opportunities are of interest, please contact our team to discuss how we can support your range.

**Subject to minimum order quantities,*

***Competitively priced UK made cleaning consumables.
Built on quality, capacity, and trust.***

Ecocycled Brooms

Made from 100% recycled ocean bound plastic. One brush contains between 375 and 875 grams of plastic waste – that's the equivalent of 16 to 31 bottles that would otherwise pollute the environment.

The Ecocycled brush isn't just stronger and capable of higher performance, but also more sustainable than your typical brush. Alongside each product we've indicated the typical number of recycled plastic bottles used in production. For every brush we sell, the manufacturer also donates a percentage to Go Forest.

Case 5

MADE FROM 100% RECYCLED FIBRES

Eco-Friendly maintenance **floor pads**, setting new standards in sustainability and performance. Crafted from the highest quality post-consumer recycled **PET** fibre, sourced primarily from plastic water bottles and jugs, these pads embody our commitment to environmental responsibility.

Floor Pads

Discover the reliability and efficiency of our standard floor pads, meticulously crafted from 100% recycled fibres with a Phenolic Resin Binder. Engineered for durability and performance, these pads offer exceptional value for a wide range of floor care tasks.

CODE TF+SIZE+BLK BLACK STRIPPING PAD

Heavy-duty wet stripping pad. With an aggressive texture for removing wax, dirt and any finish. For use on standard electric floor machines or automatic scrubbers. Ideal for use on machines speeds up to 350rpm.

Case: 5
Available sizes (inch): 10 / 11 / 12 / 13 / 14 / 15 / 16 / 17 / 18 / 19 / 20"

CODE TF+SIZE+G GREEN SCRUBBING PAD

Heavy-duty scrubbing pad intended for wet deep scrubbing and light stripping. Designed for cleaning heavily soiled areas. For use on standard electric floor machines or automatic scrubbers (up to 350rpm.)

Case: 5
Available sizes (inch): 9 / 10 / 11 / 12 / 13 / 14 / 15 / 16 / 17 / 18 / 19 / 20"

CODE TF+SIZE+B BLUE SCRUBBING PAD

Wet scrubbing and medium-duty spray cleaning pad. Capable of removing heavy dirt and scuff marks from most floor surfaces. These pads are best used with 175 - 350rpm machines.

Case: 5
Available sizes (inch): 10 / 11 / 12 / 13 / 14 / 15 / 16 / 17 / 18 / 19 / 20"

CODE TF+SIZE+R RED BUFFING PAD

This pad restores glossy finishes while removing scuff marks and dirt associated with medium traffic areas. Can be used for dry or spray buffing. Ideal for automatic scrubbing or use with 350-800rpm machines.

Case: 5
Available sizes (inch): 9 / 10 / 11 / 12 / 13 / 14 / 15 / 16 / 17 / 18 / 19 / 20"

CODE TF+SIZE+W WHITE POLISHING PAD

Extra-fine polishing pad. For use on clean and dry floors. Also ideal for polishing wooden floors. Best used on 175-600rpm machines, rotary or automatic machines.

Case: 5
Available sizes (inch): 9 / 13 / 14 / 15 / 16 / 17 / 18 / 19 / 20"

CODE MEL17WG MELAMINE CLEANING PAD

Heavy Duty Combo Melamine floor cleaning pads are specifically designed for deep cleaning with only water. No chemicals or cleaning detergents required, but can be added. Use machine only on low RPM, maximum 350rpm.

Case: 4
Available sizes (inch): 17"

Use the table below to identify the appropriate pad to floor type. Effortlessly choose the right pad for your floor cleaning regime, ensuring the best results every time.

Process → Type of floor ↓	Buffing	Burnishing	Spray Buffing	Spray cleaning	Cleaning	Deep Cleaning	Stripping

Professional Cleaning Trolley Systems

The Magic range of trolley systems which is made in Italy by TTS offers complete flexibility in design thanks to its unique modular system. The system is designed to allow the user to compile the exact trolley they need for their daily cleaning requirements using either traditional socket/kentucky mopping or wet/pre-soaking flat mopping options.

The trolleys can be designed to incorporate lockable drawers, lids or doors to provide safety and security and to fully utilize all the available space for storage. The trolleys offer hygienic separation between waste and storage to help prevent possible cross contamination.

Manufactured from high grade polypropylene, the trolleys are extremely durable and have smooth surfaces enabling them to be kept clean and hygienic. They are also fully recyclable. Available with standard, outdoor or silent wheels, the trolleys are light and very easy to manoeuvre. **Please be advised we operate on a 2 week lead time for delivery of our TTS trolleys and special order items.*

More Than Just **Great Products**

We are more than just a cleaning product supplier. Customer satisfaction is at the very core of everything we do. Not only do we offer top quality cleaning supplies at competitive prices, but we also work closely with all of our distributors to establish mutual success.

MANUFACTURER

We have been manufacturing dishcloths in the UK since 1951, and mops since 1992. We are proud of our British manufacturing heritage and wherever possible, we will support other UK manufacturers.

WELL DOCUMENTED

BRCGS accredited provides our customers assurance that our products meet all consumer expectations surrounding quality, safety, and operational criteria.

Founding members of the CHSA mop accreditation scheme, so customers can be assured, whats on the box is whats in the box.

COMMITTED SALES TEAM

Our committed sales team are always on hand and willing to go the extra mile. Ensuring that we provide as much value to our customers as possible to help them succeed.

FREE SHIPPING

Carriage is paid on all orders above £400 in value.

TAILORED SOLUTIONS

As a strategic partner and UK distributor of TTS professional cleaning systems we can offer high quality, bespoke cleaning solutions.

TRAINING

Our committed and experienced sales team are happy to provide product training to all our customers. There upon increasing knowledge and aiding sales.

WAREHOUSING

Our large warehousing facility enables us to hold a large selection of stock. Consequently this makes us an ideal one stop shop for the janitorial distributor.

MARKETING

We are able to assist our customers with a variety of marketing support. From the production of own label packaging to bespoke promotional flyers and brochures.

Contact us today for more information:
marketing@ramonhygiene.co.uk
Whatever your requirements, we are here to help.

ETHICAL TRADING

Ramon want customers to be confident that the people that make their products are treated fairly with respect for basic human rights and that they are not exposed to unsafe working conditions.

As a Sedex Member, we are able to map our supply chain, identify higher risk suppliers and request them to have a social ethical audit. We can then work with our suppliers to improve their business practices to create safe working conditions in regions that we source.

RETAIL BUYERS GUIDE

Why Choose **Ramon**?

Ramon Hygiene Products are a UK manufacturer and supplier of professional hygiene, wholesale and retail cleaning products. Ideally situated in the East Midlands, we are committed to providing top quality products and first class service to our customers.

We maintain BRC Global Standard for Consumer Product Certification, which ensures we produce high quality, safe and legal products.

Developed With **Profit On Return** In Mind

It's important for retailers to adopt an appropriate blend of price marked and non-price marked lines by stocking a core range of best sellers.

By offering a mixture of premium and value products in each category, consumer choice is maximised for retailers and wholesalers alike, which will ensure stores continue to drive footfall.

Ramon Hygiene Products are able to supply a selection of branded products which are suitable for use in a variety of industries, we have provided the guide below to show where our products are most suitable for use.

Clean & Sparkle

QUALITY & VALUE IN ONE RANGE

An attractively packaged 'Value' range of cleaning products supplied in £1 price marked packaging (PMP's) under the clean and sparkle brand which provides outstanding value.

- PMP's offers consumers reassurance they are not being overcharged
- Help retailers build a sense of confidence and trust with shoppers
- PMP's sell faster than equivalent non price-marked packs
- PMP's are often perceived as a promotion in their own right
- Convenient for retailer as PMP's will provide uplift in sales volume
