LANVIN
PARIS

Lanvin Le Bleu

Lanvin was founded in Paris in 1889, by a great admirer of art, and an inveterate collector, Jeanne Lanvin. She opened her own dye factory dedicated to colour experimentation in 1923. Since then, the colour blue has become one of the brand's symbols and is still very prevalent in Lanvin's collections, accessories and universe. The longest lasting Parisian couture and beauty house has captured the senses of discerning women and men around the world

TERRE
DE MARS

IRREVERENCE

Introducing Terre de Mars

TERRE DE MARS has created coffee-based cosmetology. They mastered highly concentrated caffeine-based formulas using natural ingredients selected for their skin biocompatibility and sensorial richness. Their product line is a fusion between science & nature, formulated from powerful bioactive and probiotic ingredients, providing nutrients your skin needs. All their formulas are COSMOS certified according to ECOCERT Standards. Their ingredients are neither tested nor derived from animals, and they are certified by PETA Cruelty Free & Vegan label. TERRE DE MARS is the story of three friends : Alexandre, Poulad, Salem and a childhood memory. A grandmother using coffee grounds as a beauty secret. Years later, they decided to create a 100% natural coffee-based scrub mixed with precious oils. After the success of their first products, they have launched a full range of coffee-based products. All are COSMOS, COSMEBIO, Vegan & Cruelty Free certified.
