Cheers to 80 Years!

The TableCraft Legacy, Four Generations in the Making

TableCraft's story is deeply rooted in family, resilience, and enduring values. The company simply wouldn't exist today without the vision and dedication of Adolph Davis, our founder, and Dalton Davis. Both men poured their hearts and lives into TableCraft, demonstrating an incredible work ethic and perseverance. Their willingness to make sacrifices, along with their devotion to family, set a standard that inspired all who came after them.

Some of my favorite memories are the stories shared by our customers about my grandfather Adolph and how he helped dealers weather tough financial times, extending credit and placing trust in their eventual success. His faith in people left a lasting impression on the industry.

My father Dalton's commitment was equally remarkable. He didn't drive, so he would travel by buses, cabs, and trains just to meet with customers. When I finally got my driver's license, I spent many of my summer vacations at his side, driving through the Midwest and eastern United States. Those long hours on the road gave us time for conversations I will always cherish—discussions that taught me not just about business, but about life, and have proven invaluable to my own success.

When I became President of TableCraft, I made it my mission to carry forward the culture my father and grandfather built. Honesty, keeping your word, working hard, and always putting family first—these remain the pillars of who we are. It fills me with pride to see the TableCraft brand recognized and respected around the world. This remarkable reputation is the result of the dedication and passion of every single employee who has contributed along the way. Looking back, I am deeply grateful for the lifelong friendships and memories I have made during my time at TableCraft.

Today, the legacy continues with Jeff Tait, the fourth generation of the Davis family, who now serves as President of TableCraft. Jeff's leadership is a testament to our enduring family values and commitment, ensuring the story of TableCraft remains one of tradition, trust, and excellence for generations to come.

Glenn Davis

Chairman of the Board, TableCraft Products Company

For 80 years, TableCraft has been woven into the fabric of the foodservice industry, growing and evolving alongside the changing world around us. Since those dynamic years following World War II, our commitment to providing practical, innovative solutions has never wavered—though the products themselves have certainly transformed with every new era.

What truly sets TableCraft apart, and what continues to drive our success, are the core principles that remain unchanged: family, honesty, hard work, and a relentless focus on our customers. These values, instilled by those who came before us, are the foundation of our reputation and the compass that guides us through times of change.

As we look forward, I am proud to carry on this legacy—embracing both the spirit of innovation and our time-honored traditions. Our mission remains clear: to support our customers and partners with dedication, integrity, and an unwavering commitment to excellence.

Thank you for being part of the TableCraft story. Together, we will shape the next chapter with the same passion and purpose that have brought us to this remarkable milestone.

Jeff Tait

President, TableCraft Products Company

THE TABLECRAFT LEGACY

TableCraft Products Company has been providing products to the foodservice industry for 80 years with the same goal always in mind; develop relevant products that create meaningful solutions to enhance the operator's experience.

As a family business over 4 generations, TableCraft continues to focus our energy on fostering strong, long-lasting relationships by serving our customers.

Thank you for all your support through the years and for the many more years to come!

New Products to Our Assortment

Every year, we strive to bring more relevant and solution-driven products to the "table"; and our goal continues....

For 2026, we have added 215 more products to our catalog; from high-performance airpots to versatile serving paddles and trays, plus the debut of our Hive Collection, a modern line of modular buffet displays. Each innovation is designed to deliver quality, style, and performance for today's foodservice professionals.

We are committed to provide you with quality tools you need for your operational success.

PROFESSIONAL BAKEWARE

BY 

Professional Bakeware by TableCraft has a deep-seated history of bringing high quality products to market that are dependable and promote food safe practices.

Our Cast Aluminum items offer virtually unbreakable designs that conduct and maintain temperatures for an extended period of time. We offer 16 colorful DuraCoat™ Cast Coating options plus a natural finish. Mix and match serving pieces to create an eye catching presentation to enhance your brand image. Our DuraCoat™ features and benefits are listed below. For more information, please contact our customer service team or your local TableCraft sales representative.

Most of our Professional Bakeware (ProBake) products ship directly from our Willis, Texas location. Select items are also stocked in Gurnee, IL.

Our DuraCoat™ Cast Coatings are:

- NSF® listed
- Dishwasher safe, Natural Finish are Hand Wash Only
- Safe to use with foods containing less than 8% alcohol
- Safe for cold food temperatures as low as -20°F
- Not intended for hot well or steam table use

We recommend natural finish items only for all hot food applications.

TableCraft also provides a convenient and unique recoating program. Please contact your dealer for a quote and a recoating authorization (RCA) to refinish your cast aluminum serveware.

Please allow up to 4 weeks for TableCraft to refinish your cast aluminum project.

DURACOAT™ | COATED CAST ALUMINUM COLORS

DURACOAT™ COLOR COATINGS

Scan code to view our website.

Are available in 16 colors. Natural uncoated option is also available (N). Color chart icon below indicates products where DuraCoat™ is available. Recommended for cold food only. Coating is safe for use with temperatures between -20°F to 195°F.

When placing your order, add the color code to the end of the item number, for example: CW5004BK for a Black coating finish.

N: Natural / Pewter

GY: Gray

BR: Brown

BK: Black

W: White

PB: Pigeon Blue

SBL: Sky Blue

CBL: Cobalt Blue

HGN: Hunter Green

GN: Green

MM: Modern Mint

LG: Lime Green

Y: Yellow

SNX: Sunset Orange

X: Orange

R: Red

CP: Copper

FAQ:

Are there any performance differences between Natural Finish v. DuraCoat™ Cast Coated bowls?

While both finishes are great for cold food storage and display, only non-coated or natural finish bowls can be used for hot food applications as well.

Looking for a Fresh Coat?

TableCraft provides a convenient and unique recoating program, so you can refinish your current templates for less than the cost of ordering new. Please contact your TableCraft sales rep for quotes and a recoating authorization (RCA) to refinish your cast aluminum serveware. Choose from 16 DuraCoat™ coatings or revert to natural aluminum finish.

Scan code to view
our Cold Well
Simple Solutions™
Set-Up video.

SIMPLY DONE...

Our Simple Solutions™ Buffet System is as easy to assemble as 1-2-3 to keep your cold storage presentations organized and help your operation perform more efficiently.

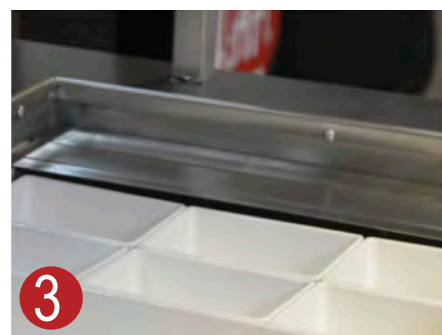

DROP-IN TEMPLATES

Place templates on the NSF-7 ledge inside your cold well unit. Each template is equal to one well. Per example above, a four well unit will need four templates. These templates rest slightly above the well floor and are perforated for maximum air flow circulation around our food bowls.

CAST ALUMINUM BOWLS

These vessels are the same size and capacity as traditional food pans or hotel pans. They are available in a variety of sizes: Full, Half Long, Half, Third, Quarter, Sixth and Ninth size, making them easy to configure inside your well. They should fit tightly together to retain cold serving temperatures. If there are gaps between bowls, slide all bowls in same direction then fill gaps with adapter bars as needed.

SPACER BAR KIT

Kit includes one of each bar: 0.25", 0.5", 0.75", 1", 1.25" and 2". Use individually to fill gaps at the end of your well or use in any combination to replace vessels for smaller food service or create an alternative serving surface. Bars are manufactured to rest on the NSF-7 ledge inside your well and block cold air from escaping to optimize the efficiency of your unit.

Need help with your well configuration? Please contact your TableCraft sales representative.

Select single adapter bars are also available, see page 28 for more options.

SIMPLE SOLUTIONS™ ACRYLIC COVERS

Keep your food covered and protected with these translucent acrylic covers for our simple solution bowls. Eliminates needing to prep and place product in a storage container, saving storage and serve time.

- Translucent acrylic construction
- Fits both 3" and 5" Simple Solutions™ Bowls (coated or uncoated)
- When cleaning your acrylic cover, do not use abrasive cloths or paper towels. To sanitize, use warm water mixed with sanitizing dish soap, Hydrogen Peroxide (3%-5% concentration), or a bleach-water solution (2% concentration of bleach)

STACK. STORE. SMART.

COOLING PLATES AND DISPLAYS

Keep food perfectly chilled for up to 3 hours with this versatile solution. Our cooling plates are available in three sizes (Half, Half Long and Full). Use them separately, on stands or accessorize with our assorted food display trays, featured on the next page. For best results, pre-chill cooling plates and cast aluminum bowls and trays in the freezer for 8-12 hours prior to use.

TIERED-DISPLAY SETS

Elevate your appetizer and dessert presentations, while keeping them cool and fresh on our sturdy and space-efficient tiered displays. Cooling plates rest in stacked frames to keep them secured during service. For best display results: pre-chill cooling trays in freezer for 8-12 hours prior to serving. Ideal for buffet lines and catering events, these serving trays are designed for cold holding only and are dishwasher safe for effortless cleaning.

- Sets include three-tiered display and coordinating cooling plates
- Ships from Gurnee, IL

PORTABLE INSULATED

ICE WELLS (with or without lids)

Portable Insulated Ice Wells are essential additions to any self-serve line; perfect for indoor and outdoor events, buffets, hotels, restaurants, and cafeterias. Also works well as a stand alone beverage or individually packed goods cooler, keeping your food, drinks, or desserts chilled and ready to serve.

Fabricated aluminum—sealed, double walled with 1" thick insulation material to promote up to 3 hours of cold display while reducing the appearance of condensation. Non-slip feet affixed to the underside of the unit keep it in place on your serving line. Drain hole, located on the back, allows for easy emptying and clean up.

Single Ice Well Ice Capacity:

- 9.75 Gallons completely filled
- 6.25 Gallons for 3" Template
- 3.5 Gallons for 5" Template

Double Ice Well Ice Capacity:

- 19.5 Gallons completely filled
- 12.5 Gallons for 3" Template
- 7 Gallons for 5" Template

JUST ADD ICE...

- Available in Single and Double Wells (with or without lid) in Brushed (BRA) finish and Translucent Clear, Black or Copper coating
- Custom options also available. To ensure a proper fit, provide dimensions and requirements to your TableCraft sales rep
- For cold serving only, keeps food chilled up to 3 hours depending on food prep, storage prior to use and ambiente temperature conditions.
- Add ice to the well. If using drop-in templates, fill ice up to the bottom of the template. See below for ideal ice capacities.
- Well will accommodate one (1) drop-in template for single and up to two (2) drop-in templates for double well.
- If using Simple Solutions™ Cast Aluminum serving vessels, pre-chill bowls in the freezer for 8 hours before use to minimize temperature control
- Hand wash well with dish soap and warm water

Add ice to the capacity of your well's intended use - maximum ice or ice for use with drop in templates.

Drop-in Simple Solutions™ Template(s). Wells can accommodate either a 3" or 5" drop-in template(s).

We offer a variety of Simple Solutions™ Cast Aluminum Bowls to use with Drop-In Templates

WHICH BOWLS WILL DO FOR YOU?

OUR CONFIGURATION GUIDE for use with our Simple Solutions™ Cast Aluminum Serving Vessels is available on our website. Go to our under Resources and find the literature on the Portable Ice Wells or contact your TableCraft Sales Rep for assistance.

Our templates are made to order[†] in the USA to fit standard 12 x 20" wells, our templates are precision cut to fit our tri-ply cookware. We can provide AutoCAD support to customize templates to fit standard size wells and your existing cookware and serveware. We also offer six surface textures (shown on left) to help create a unique buffet experience, while helping to reduce fingerprints and camouflage dings, dents and spills.

[†] Templates and tiles are made to order and non-refundable.

SAFETY SHIELDS PARTITIONS FOR ACTION STATIONS

Our simple acrylic shields can be used to protect servers and patrons during cooking and serving.

- Lightweight, easy to assemble and disassemble
- Light assembly, no hardware required
- Integrated venting helps keep induction cook-top cool during use
- Can also be used with other modular action station units such as single butane station (CWACTION6_).

The CWACT2SHIELD works with the Double Butane Station (CWACTION5) shown or other modular Action Station items. Made to order tabletops are also available in stainless steel and aluminum, see pages 54-55 for details.

CWACT1SHIELD

Single Action Station Shield Partition,
39½ x 9½ x 30" (¼" Thickness)

Min Order: 1 ea

List Price: \$ 306.00 ea

Both shield options feature integrated vents to allow air to circulate freely to keep butane stove or induction cooktop fans cool.

BUFFET & CATERING SOLUTIONS

10

A gold-colored metal table number, shaped like a stylized 'A' and featuring the number '10' on its right leg, stands on a white marble surface. In the background, several white bowls containing fresh vegetables like red bell peppers, green peas, and carrots are visible, suggesting a buffet or catering setting.

BUFFET & CATERING SOLUTIONS

TableCraft offers an array of products that will elevate your food presentation. From buffet to banquet, catering to casual dining and more, our assortment of bowls, stands and risers will deliver dependable, durable solutions.

PLASTIC CAKE DOMES, STANDS, & PLATES

Add style to your serving presentation with these durable and clear pieces, allowing you to showcase your appetizers, desserts, baked goods, and more with ease.

- Made from BPA free SAN plastic
- Round and rectangular options available
- Easy to clean, dishwasher safe

ACACIA COLLECTION™

CAKE PLATES, STANDS & DOMES

Upgrade your buffet or serving presentation with these cake plates, stands and cake dome that fit perfectly into our Acacia Collection™. Natural Acacia wood provides warm, earthy texture. Perfect for dressing up your buffet or serving meat and cheese boards, appetizers, and desserts.

- Acacia wood
- Cake dome made from acrylic with an acacia wood knob
- Do not submerge in water. Wipe clean with a damp cloth and dry immediately

WHY IS **ANTIMICROBIAL** IMPORTANT TO OUR UTENSILS AND YOU?

Antimicrobial inhibits the growth and reproduction of harmful bacteria, mold and mildew which can cause illness, odor, and staining. Antimicrobial substances are infused within vinyl handles to provide built-in antimicrobial protection against contamination from human contact and food residues. It is safe for food contact and will not wash or wear away from use or cleaning. It is proven to keep serving utensils cleaner between washings. This antimicrobial formula is USA Environmental Protection Agency (EPA) registered and EU Biocidal Products Regulation (BPR) certified.

A-FRAME FLOOR & TABLETOP SIGNS

Our versatile floor and tabletop signs are perfect for showcasing your weekly specials, event schedules, and important messages at your restaurant, bar, or event space. Designed for visibility and impact, these signs help you communicate effectively with your patrons.

- Wood constructed frame
- Floor Signs are double sided and can be folded up for easy storage
- Wipe chalkboard sign clean with a damp cloth
- Marker tips can be switched between rounded and chisel tip
- Markers are for use on non-porous surfaces such as chalkboards, metal, glossy boards, LED boards, plastic, and glass

QUICK VIEW

FUEL & ELECTRIC CHAFERS

Our highly-polished Stainless Steel Quick View Chafers will elevate any catering or buffet line.

- Windows allow guests to see contents prior to opening the chafer
- Steam vents reduce condensation
- Slow closing lids safely reduces the noise that often comes with closing during service
- Lids also include safety features for operators to remove and replace food pan inserts easily and safely without risk of steam burns
- All chafers include food pan
- Food pans are dishwasher safe

Slow closing lid with improved hinge design

Improved hinge design has an integrated stop to keep lid open for serving

Steam Pan Lifter protects operator from steam burns, making food rotation easier

Improved induction base integrated into design

Intuitive integrated lip to assist in manually removing steam pans

Integrated spoon rest for seamless serving, keeping your buffet more sanitary

AUTHENTIC COLLECTION™

Our recycled green glass bottles will enhance any water service or tabletop presentation. Decorative embellishments add vintage charm and eclectic style to every environment. Due to the nature of recycled glass, slight color variations, bubbles and small lines develop during molding; making each bottle unique.

PLA STRAW

FACTS:

- PLA = Polylactic Acid (PLA) is a bioplastic derived from renewable resources like corn starch or sugar cane
- PLA takes up to 65% less energy to produce than other conventional plastics
- PLA straws are also not intended to be used with hot beverages

PAPER STRAW

FACTS:

- Free of gluten, GMO or BPA
- FDA, EU and California Prop 65 compliant
- Made of paper and coated with food grade adhesive (no beeswax)
- Breaks down quickly in a compost environment
- Designed for single use, but will last up to 4 hours—much longer than the typical meal service
- Not intended to be used with hot beverages
- Available in custom designs, minimums and lead times vary

Because one size does not fit all...
We offer our PLA and PAPER straws in three standard lengths (5 $\frac{3}{4}$ " & 7 $\frac{3}{4}$ ") and (5mm, 6mm & 8mm) diameters.

3 diameters to choose from (actual size)

INDUSTRIAL COLLECTION™

Upgrade your buffet or serving presentation with TableCraft's Industrial Collection™. Raw and refined with quality construction of mixed materials to add unique, custom designs and industrial style to your décor. Natural Acacia wood provides warm, earthy texture, while metal piping and rivets add modern, mechanical elements. Perfect for dressing up your buffet or serving meat and cheese boards, appetizers, entrees and desserts.

LOAF BREAD PANS

Bake fresh, homemade bread with our premium loaf bread pans. Designed for durability, these pans feature a silicone glaze that enhances longevity, ensuring they stand up to repeated baking sessions.

- Aluminized steel
- Silicone glazed non-stick coating
- Oven safe up to 450°F

STRAPPED BREAD PANS

Complete your bakery assortment with our variety of aluminized steel strapped bread pans. The bands help keep the pans from warping and the silicone glaze creates a non-stick coating.

- Aluminized steel
- Silicone glazed non-stick coating
- Oven safe up to 450°F

MUFFIN PANS

Bake delicious muffins or cupcakes with our wide selection of aluminized steel muffin pans. Each pan features a non-stick coating, ensuring effortless transfer of your freshly baked treats without any hassle.

- Aluminized steel
- Silicone glazed non-stick coating
- Oven safe up to 450°F

HIGH HEAT GLOVES

Our high heat gloves, available in 14" and 18" sizes, offer great protection from burns while cooking, baking, or grilling. These gloves are flame resistant and keep your arms comfortable in high-heat environments. One size fits all.

- ANSI Heat Level 5
- Offers protection up to 932°F
- Sold as a pair
- Conveniently packaged for cash & carry

FREEZER GLOVES

Our freezer gloves provide protection and warmth to your back of the house team when handling frozen foods or working in walk-in freezers. Gloves have an extended cuff that protects the wrist while ensuring they stay in place for optimum comfort and safety.

- Latex coated for non-slip grip
- Acrylic fleece lining for warmth
- For working temperatures down to -13°F
- Color coded for size
- Sold as a pair
- Conveniently packaged for cash & carry

CUT-RESISTANT GLOVES

Protect your back of the house team against lacerations with our cut-resistant gloves. Our gloves feature a seamless weave with an extended cuff that gently protects the wrist ensuring they stay in place for optimum performance and safety.

- ANSI cut level 6
- Seamless weave made of High Performance Polyethylene (HPPE) & Stainless Steel for excellent safety and comfort.
- Color coded for size
- Sold as a pair, ambidextrous
- Conveniently packaged for cash & carry

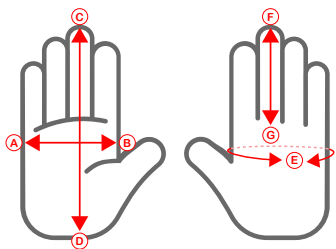

WOVEN STEEL CUT-RESISTANT GLOVES

Our woven stainless steel cut-resistant gloves offer the highest level cut protection to prevent accidental injuries when cutting, trimming, slicing, or chopping. Sold as a set which includes one soft, polyester inner glove and one steel mesh glove. Ambidextrous design.

- Color coded for size
- Sold as a single-handed set, ambidextrous with adjustable strap
- Conveniently packaged for cash & carry

CLEAN PAIL™ CLEANING PAILS

Easily clean and sanitize with these color-coded Clean Pails™. Designed for convenience, these pails feature sturdy wire handles for easy transport between front-of-house and back-of-house areas, ensuring a seamless cleaning experience.

- Available in 3, 6, and 8 QT sizes
- Two-sided white imprint on pail
- Quart and liter capacity markings
- Change cleaning solution frequently. Rinse pail in between changing solution.

HEAVY DUTY TUBS & TOTES

- Made from FDA compliant material
- Textured exterior finish, stackable
- Inset, reinforced handles
- Material helps minimize chipping of china and glassware
- Safe workload up to 70 lbs

TABLECRAFT RECOMMENDED CARE & USE FOR YOUR PRODUCTS

Acrylic

When cleaning your acrylic pieces, do not use abrasive cloths or paper towels. Always be sure to use a microfiber cloth to prevent scratching. To sanitize, use warm water mixed with sanitizing dish soap, Hydrogen Peroxide (3%-5% Concentration), or a bleach-water solution (2% Concentration of Bleach). To prevent damage to the surface of your acrylic shield, avoid using ammonia or alcohol based cleaners. Do not put in the dishwasher. Not microwave or oven safe.

Melamine

Dishwasher safe. Due to the size of some pieces, hand washing is best. We recommend to use a soft cloth and mild detergent, then towel dry. Not microwave or oven safe. Safe for temperatures up to 212°F/100°C.

Enamelware - Vitreous Porcelain Enamel Coated Steel

Enamelware is a time-honored traditional cooking and serving vessel that has been used for centuries in many ways. A good quality enamelware product can last for years under the right conditions and if cared for correctly. Just like any other porcelain piece in the market, porcelain enamel coated steel is not chip resistant and can become worn over the years. The steel substrate of the products is incredibly strong; however the porcelain coating is susceptible to chipping if handled roughly or repeatedly dropped on a hard surface.

To extend the life of your enamelware products, we recommend that you wash before use, do not use abrasive cleaning or scouring pads, do not place empty enamelware on heating element or allow to boil dry on induction unit, gas or electric hobs. Also, before use, coat with a light coating of cooking oil to protect the enamelware from staining. After use, to remove baked on food or stains, soak in warm soapy water and wash gently with non-abrasive liquid detergent.

Enamelware products are commercial dishwasher safe (high & low temp), induction and freezer safe, and safe for direct flame. Not microwave safe.

Recycled Green Glass

Dishwasher safe. Due to the nature of recycled glass, it is common to notice bubbles and small lines in the finished product. These characteristics are natural qualities of recycled glass — no two pieces are exactly alike. Not microwave or oven safe.

Stainless Steel

Dishwasher safe. For best results, we recommend to hand wash with a soft cloth and mild detergent, then towel dry immediately to maximize their beauty. Do not wash with harsh or abrasive cleaners. Do not allow product to soak in water for extended periods of time (will prevent rust). Not microwave safe.

Galvanized Steel

Hand wash with a soft cloth and mild detergent, then towel dry. Do not wash with harsh or abrasive cleaners. Do not allow product to soak in water for extended periods of time (will prevent rust). Not microwave safe.

Black Metal / Chrome Plated Baskets or Racks

Hand wash with a soft cloth and mild detergent, then towel dry. Do not wash with harsh or abrasive cleaners. Do not put in the dishwasher.

Polypropylene Baskets

Dishwasher safe (low temperature). Not microwave or oven safe.

Ridal Collection™ Baskets

Dishwasher safe (low temperature). Microwaveable for limited reheat use. Not oven safe.

Willow

For best results, we recommend to hand wash with a soft cloth and mild detergent, then towel dry. Do not wash with harsh or abrasive cleaners. Do not put in the dishwasher.

Polyethylene/Plastic Baskets

Dishwasher safe (low temperature), microwave safe (for reheat only) and heat lamp safe up to 150°F/65°C.

Polyethylene/Plastic Bottles

Dishwasher safe (low temperature). Not microwave safe.

Wood Products (bread boards, salad bowls, pepper mills, Acacia, Ashwood, Bamboo, etc.)

Hand wash with a soft cloth and mild detergent, then towel dry. Do not wash with harsh or abrasive cleaners. Do not put in the dishwasher. Do not let product soak in water for extended periods of time (prevents splitting).

Tritan®

Dishwasher Safe. To prevent scratching, do not use abrasive cloths when cleaning and drying your Tritan pieces. Safe for temperatures up to 212°F/100°C. To protect your Tritan pieces from clouding and discoloration, avoid direct contact with citrus fruits and sunscreen.

ETL Listing

CW30157, CW40195, CW40196 and 12182.

The ETL Listed Mark is proof of product compliance (electrical, gas and other safety standards) to North America safety standards.

NSF Listing

This catalog was printed 2025. Item listing is constantly updated, please see NSF.org for the latest listing information.

Stainless Steel (Tri-Ply)

Stainless Steel cookware is dishwasher safe. However, we recommend hand-drying the cookware immediately after the rinse cycle or hand-washing and drying to preserve the original finish. Prolonged exposure to high heat settings may cause your cookware to discolor. To recondition your cookware or to remove stubborn spots and stains, use a nonabrasive pad and quality Stainless Steel cleanser such as Bar Keepers Friend®.

Cast Iron

Our line of Cast Iron is pre-seasoned, however it is still important to seal the surface of cast iron through a process called "seasoning". This makes the cookware less likely to stick, protects it from corrosion and rust, and prevents food from taking on metallic flavors. With proper care, a well seasoned pan will only get better with time and last for years. Wash the pan thoroughly in hot soapy water, then hand dry immediately. Using a cloth or paper towel, grease the pan thoroughly with a thin coating of vegetable oil or melted vegetable shortening. Be sure to coat the entire surface, including all corners. Heat the oven to 350°F (176°C). Place the cookware in the oven for 1 hour. Remove while hot and allow to cool to room temperature. Wipe away any excess oil, being careful not to scrub clean, then store. To preserve the seasoned finish, cast iron must be cleaned differently from other types of cookware. Cast Iron should never be placed inside a dishwasher or scrubbed with scouring pads or steel wool. Instead, wipe the pan clean with a sponge or dishcloth in hot water, without detergent. Any residue may be removed by boiling a little salt and vinegar in the pan, or by rubbing with a paper towel and coarse salt. Hand dry immediately after washing and brush with a thin coating of vegetable oil before storing. If stacking pans, place a paper towel between them. Pans should be seasoned from time to time when needed. Cast iron cookware is heavy and care should be taken when lifting; where available, use side handles for extra stability. Always use heat protection gloves as handles will become hot. Allow cookware to cool before cleaning. Cast Iron is not microwave safe.

Cast Iron

Rust? Don't Panic, it's not broken.

Without protective seasoning iron can rust. It's really easy to fix. Scour the rust, rinse, dry, and rub with a little vegetable oil. If problem persists, you will need to thoroughly remove all rust and follow our re-seasoning instructions.

Cast Aluminum—Natural

The "Naturals" are made of a food safe cast aluminum without coating and are NSF® approved. These items can endure temperatures from –20 up to 450°F. For best results, we recommend to hand wash with a soft cloth, then towel dry immediately to maximize their beauty. Staining will occur if acidic foods are put into the natural products.

Cold Serving Cast Aluminum—Coated

All Coated Cast Aluminum products are NSF® approved and will endure temperatures from –20 up to 195°F. (DO NOT BAKE in the coated cast aluminum products). If a defect in the coating appears, such as peeling or chipping, the product must be taken out of service immediately and repaired or replaced. The intended purpose of the color coated products is for cold serving & display only. They are not to be used in the preparation of food. Some environmental uses are, but not limited to, buffet lines, catered environments, and in food display cases. Do not cut directly on the products, as this will cause the coating to scratch. Do not put any of the products in an oven, on a stove top, under a heat lamp or in any other condition where the temperature exceeds 195°F. Washing by hand is recommended, but when using a non-caustic detergent, the coating is dishwasher safe. Do not clean with scouring pads. Only use nylon or sponge pads. Regular dish washing will dull the coating. Do not use metal utensils on the color coated products. NOTE: Staining of all color coated products will occur especially if used with acidic foods. The lighter (white, sky blue, and gray) colors are more likely to show stains than darker colors. Staining of products is not covered under warranty.

Aluminum

Not Dishwasher Safe. Wash by hand using a cloth, warm water, and dish soap. Dishwashing will cause discoloration of your aluminum kitchenware.

TERMS & CONDITIONS / LEGAL

FOR SHIPMENTS OUT OF US ONLY

Payment Terms

Net 30 days to approved accounts. A 2% per month service charge will be incurred if the account is 30 days or more past due. No C.O.D. orders accepted.

Credit Cards

TableCraft accepts credit card payments for Cash-in-Advance accounts only. Minimum credit card order is \$250.00 NET. We accept Visa, MasterCard, American Express and Discover. TableCraft reserves the right to assess a surcharge/convenience fee to all credit card transactions.

New Accounts

Minimum opening order is \$2,500 NET. Provide resale number and trade references.

Minimum Orders

For orders less than \$100 NET, a \$15 NET processing fee will be added. No processing fee on parts only.

Customer Pick-ups

Appointments for merchandise pick-up must be scheduled a minimum 24 hours in advance by contacting our customer service department.

Custom Orders

Orders for custom products may require a deposit. All custom orders require a separate purchase order and are non-cancelable. Professional Bakeware cast aluminum, templates, tabletops, and action stations are custom orders. Costs incurred to produce/procure a custom product that has been canceled, will be the responsibility of the customer. TableCraft's standard freight terms apply. Delivery of products within 10% + or - variance of the ordered quantities constitutes fulfillment of the custom order, with payment to be made on the basis of actual delivery.

International Orders

All orders payable in U.S. funds. International orders will be accepted against wire transfers, checks and credit cards unless credit has been established. F.O.B. TableCraft Distribution Center. Minimum order is \$250 net. Orders under \$250 will be accepted with a \$15.00 processing fee. International orders under \$100 will not be accepted.

Additions / Changes to Orders

Depending on the time that an order is received, add-on's cannot be guaranteed. Any changes or cancellations requested after an order has been generated for processing may be subject to a 10% change/cancellation fee.

Backorders

TableCraft reserves the right to cancel backorders on prepaid shipments. Add-ons are not allowed on prepaid backorders.

Shipping Dates

Once the order acknowledgment is generated, order ship dates are based on current production schedules. This is not a guaranteed commitment to ship on that date. Orders requesting 'Expedited' Services including 'Next Day, 2nd or 3rd Day Air' must be placed prior to 11AM CT, and same-day shipments cannot be guaranteed.

Returns

Contact your local sales representative to request a written return authorization. Return request must be received within 60 days of shipment from TableCraft. Goods must be returned to TableCraft within 30 days of RA issuance in original cartons- full cases only. Returns must be prepaid and are subject to a 25% restocking charge. A return authorization number must appear on all returned cartons. Credit will not be issued for discontinued products, custom items or unauthorized returns. Professional Bakeware cast aluminum vessels and templates are considered custom products and are not returnable.

Damages & Shortages

Inspect shipments immediately. All shortages /damages must be reported to TableCraft **within 48 hrs.** of delivery date. Drop Trailer deliveries must be reported to Carrier & TableCraft **within 24 hrs.** of delivery date. Any delivery without supporting inspection documentation of a claim or a Proof of Delivery with short/damage notations, will not be honored for review or credit. If damaged merchandise is to be returned, authorization must be obtained from TableCraft.

Please note that CW8002 and CW8006 will ship via LTL. Items may damage if shipped via small parcel.

Freight Accessorial Charges

TableCraft is not responsible for additional accessorial freight charges beyond normal delivery.

Additional charges will be added to invoices or charged at a later date. Charges include, but are not limited to:

- Lumper / Sort & Segregate Fees
- Sort and segregate fees
- Inside delivery charges
- Redelivery charges
- Liftgate charges
- Detention Fees
- Non-business delivery hours
- Storage Fees

These charges are additional services beyond normal delivery and are not included in the prepaid freight program.

Ship Points

TableCraft ships from Gurnee IL, 60031 and Willis TX, 77378. Items manufactured at our Texas facility can not be combined with items from our Illinois facility on orders. TableCraft requires separate purchase orders for each ship point.

Disclaimer

TableCraft is not responsible for printing errors. Case packs, specifications, terms or conditions of sale are subject to change without notice. Pictures for reference only. Patterns may vary-form, fit and function remains the same.

PRODUCT LIFETIME GUARANTEES

TableCraft Products Company guarantees that our Can Openers are designed to provide years of dependable use and are constructed with the utmost quality materials and craftsmanship. Can Openers 10444W, 10444BK, 10518BK listed on [page 354](#).

If you find that your Can Opener is defective, please return to TableCraft Products Company for inspection. If the item is found to be defective, we will promptly repair or replace. If the item is no longer available, we will replace the item with one of similar quality and value. To maximize the life of your Can Opener, please make sure to adhere to the proper care and use instructions. It is important to note that this lifetime guarantee does not cover normal wear and tear, misuse or abuse.

TableCraft Products Company guarantees that the Ceramic Grinding Mechanism used within the construction of our Salt & Pepper Mills is designed to provide years of dependable use and is constructed with the utmost quality materials and craftsmanship. Salt & Pepper Mills (10924, 10925, 11689, 11832) listed on [page 171](#).

If you find that your Salt & Pepper Mills are defective, please return to TableCraft Products Company for inspection. If the item(s) are found to be defective, we will promptly repair or replace the item(s). If the item(s) are no longer available, we will replace the item with one of similar quality and value. To maximize the life of your Salt & Pepper Mills, please make sure to adhere to the proper care and use instructions. It is important to note that this lifetime guarantee does not cover normal wear and tear, misuse, or abuse.
