OUR PHILOSOPHY

As a global supplier and engineering expert of textile solutions, MIP provides comfort and efficiency for the healthcare community.

We believe in quality without compromise. Even the smallest improvement can hold the greatest importance.

At MIP, we have a wide textile product offering including ranges in Bedding, Linen, Laundry, Bags, Linen Collection & Distribution, Apparel, Continence Care and Moving & Handling.

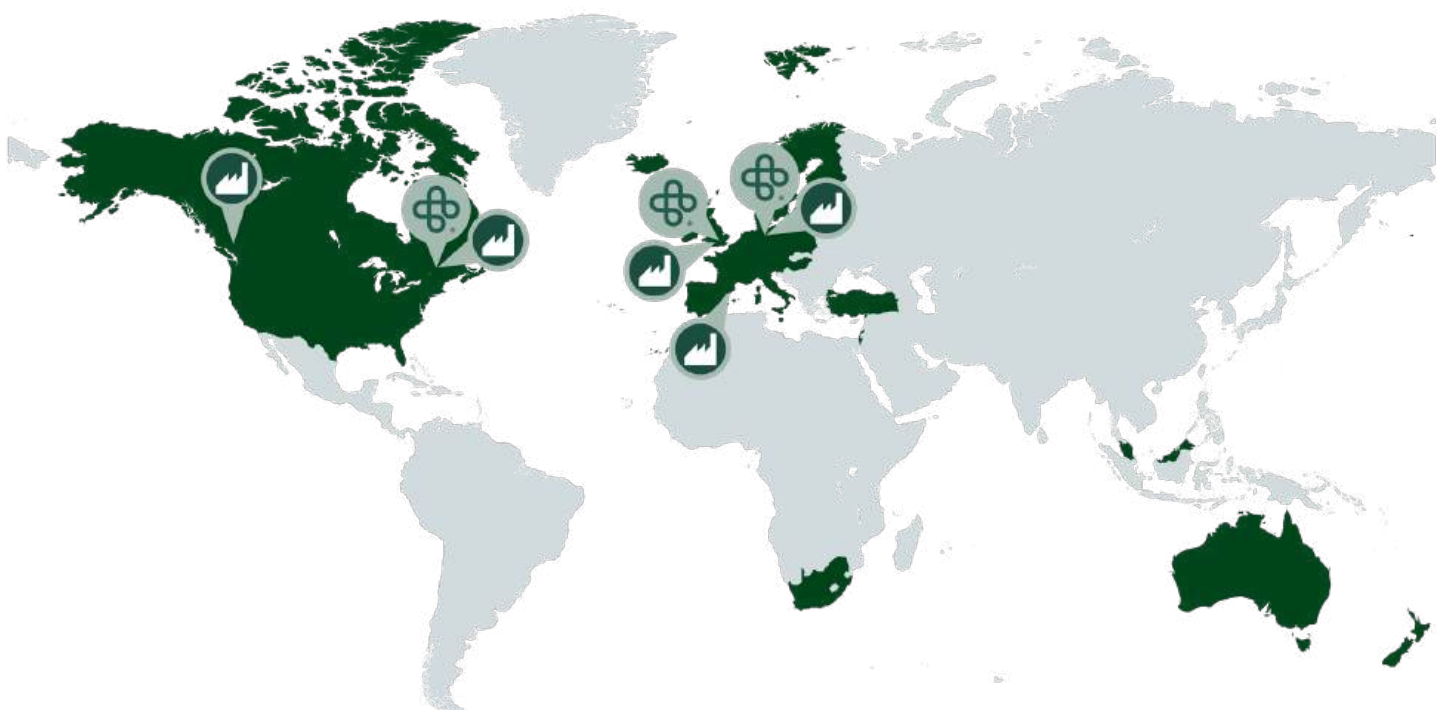

MIP. The Softer Side of Healthcare.

A LITTLE BIT ABOUT US

MIP Inc. was founded in Canada in 1977, and we've been trading in the UK since 1992.

With Business Units in Canada, Germany and the United Kingdom, as well as warehouses located across North America and Europe, we make sure our clients receive the products they need, where and when they need them.

LEARNING HUB

By MIP

With over 40 years' experience, MIP are experts in the healthcare sector. By partnering with industry clinicians, we have developed the Learning Hub to provide a range of digital education and training tools to support knowledge and learning in healthcare textiles.

PTD-56/BA/H/UK	With Handles	200 × 243cm

¹Made to Order - minimum order quantities apply

Washing Instructions:

Evacuation Sheet

Moving & Handling

Information:

The Evacuation Sheet has been designed to remain underneath the mattress, ready for rapid evacuation of residents. In an emergency, it wraps around the patient, cocooning them within the mattress, to form a protective sledge.

- 100% Nylon
- Handles - 100% Polyester

Product Code	Description	Dimensions
CS653-0001	Evacuation Sheet	185 × 85cm

Washing Instructions:

Patient Specific Slide Sheet Glove Cromptons Healthcare

Information:

Like our popular slide sheets, the Cromptons Healthcare by MIP Slide Sheet Glove is made from Transtex, a specially developed fabric that is silicone coated on both sides to provide a slick, low friction finish for easy patient movement and turning. It is suitable in a number of applications:

- Ideal to support small turning and positioning tasks
- To support skin smoothing when repositioning on profiling beds
- Clothes dressing aid
- Sling fitting can be made easier

The MIP Slide Sheet Glove should not be laundered, see instructions for more information.

Product Code	Description	Dimensions
CS555-0001	Slide Sheet Glove	50 × 20cm

Extension Handles Cromptons Healthcare

Information:

Cromptons Healthcare by MIP Extension Handles - Loop the webbing strap through the Slide Sheet handle to extend it and avoid staff adopting an incorrect posture by overreaching.

For use with Flat Slide Sheets with Handles and JC100 Transfer Sheets.

Product Code	Description	Dimensions
BP005-0003	Extension Handles	90cm

Slide Sheet Storage Bag Cromptons Healthcare

Information:

Cromptons Healthcare by MIP Slide Sheet Storage Bag is a storage bag to record residents name, ward and date of issue. Attach the drawstring bag to the patient's bed so the slide sheet is always available.

The Slide Sheet Storage Bag should not be laundered, see instructions for more information.

Fusion® Bed Pad

Information:

MIP’s Fusion® Bed Pad offers advanced skin care for those dealing with incontinence. Thoughtfully crafted with a fused, un-quilted design, Fusion® helps maintain skin integrity by wicking moisture away from the body. This keeps the care recipient cool, dry, and comfortable whilst lying on the pad. Fusion® features a smooth surface and a specially engineered brushed bottom barrier ensuring the pad stays in place. This minimises the risk of the pad creasing and rucking on the bed, therefore reducing the risk of pressure care issues.

Bed Rail Protectors Bed Accessories

Information:

MIPs durable, fluid-proof, wipe clean, foam filled bed rail protectors are easy to fix in place with hook and loop fastenings to protect the resident. All of our bed rail protectors have been specifically designed for use on healthcare beds, including profiling beds.

Flame Retardant to British Standard BS 7177.

- Phthalate, lead and heavy metal free
- Supplied in pairs

Product Code	Description	Dimensions
135/W/PU	Standard Length	86 × 137 × 2cm
136/W/PU	Full Length	86 × 198 × 2cm

Connected Bed Rail Protectors Bed Accessories

Information:

MIP's Full length connected bed rail protectors are designed for use on healthcare profiling beds. Bumpers are connected with a mesh base that sits under the mattress which helps secure them in place and forms a safety net to help prevent entrapment between the mattress and the bottom of the side rails.

Flame Retardant to British Standard BS 7177.

- Phthalate, lead and heavy metal free
- Supplied in pairs

Product Code	Description	Dimensions
143/W/PU	Standard Length	87 × 198 × 2cm

Mesh Bed Rail Protectors Bed Accessories

Information:

MIP’s Mesh Full Length Bed Rail Protectors are specifically designed for healthcare beds with two drop down rails to help assist in bed rail entrapment avoidance. Foam filled with a wipe clean, fluid-proof surface and zipper fastenings. The see-through mesh centre panel on each bed rail protector can help reduce the feeling of being enclosed for the resident.

Flame Retardant to British Standard BS 7177.

- Phthalate, lead and heavy metal free
- Supplied in pairs

Product Code	Description	Dimensions
144/W/PU	Two Bar Mesh	86 × 201 × 2cm

Side Wedges with Connecting Sheet Bed Accessories

Information:

MIP’s high-density foam filled pair of side wedges with a breathable connecting sheet are designed to prevent the user from falling out of bed. The side wedges are attached to the connecting sheet using a large hook and loop strip, which is then attached around the bed base using durable straps and quick release clips.

The easy-care PVC material cover can simply be wiped clean.

Flame Retardant to British Standard BS 7177.

Product Code	Description	Dimensions
138/W/PU	Side Wedges with Sheet	20 × 90cm
137/W/PU	Connecting Sheet	90 × 90cm

Multi-Purpose Bed Wedge Bed Accessories

Information:

MIP’s high-density foam filled Multi-Purpose Bed Wedge is a comfortable, versatile positioning aid. It can be used upright or horizontally to encourage a healthy postural position when sitting or reclining in bed. Alternatively, it can be used for leg support, further positioning options can be created using two bed wedges.

The easy-care PVC material cover can simply be wiped clean.

Flame Retardant to British Standard BS 7177.

Product Code	Description	Dimensions
141/W/PU	Bed Wedge	60 × 24 × 57cm

Fall-Out Mat

Bed Accessories

Information:

MIP’s high-density foam filled Fall-Out Mat is designed for use with low level beds to reduce the risk of patients injuring themselves if they were to fall out of bed. The Fall-Out Mat is very easy to store and maintain and comes complete with durable carry straps.

The easy-care PVC material cover can simply be wiped clean.

Flame Retardant to British Standard BS 7177.

Product Code	Description	Dimensions
139/W/PU	Fall-Out Mat	60 × 190 × 5cm

Static Mattress Extension Infill Bed Accessories

Information:

MIP’s static mattress extension fills the gap left at the head end when a community bed is extended.

The easy care PVC material cover can simply be wiped clean.

Flame Retardant to British Standard BS 7177.
